

和歌山
WAKAYAMA

2020 年

Table with tide data for Wakayama, 2020. It is organized into four main sections: 1月, 2月, 3月, and 4月. Each section contains two columns of tide data: 満潮 (High Tide) and 干潮 (Low Tide). Each column lists dates (日) from 1 to 31, and provides time (時分) and height (cm) for both rising and falling tides. Additional markers like '上弦' (Upper Quarter), '望' (Full Moon), and '下弦' (Lower Quarter) are placed between specific dates to indicate lunar phases. The data points are numerical values representing time and height, such as '10 35 146' for a high tide on 1/1.

潮位表基準面の零点: 平均海面下 111.0 (cm)
