MIYAKEJIMA(AKO)

2024 年

Table of tide data for Miyakejima (Ako) in 2024. The table is organized by month (July to December) and day. For each day, it provides two sets of tide data: one for the full moon (満潮) and one for the dry moon (干潮). Each set includes the time (時分) and height (cm) for both the rising and falling tides. Lunar phases are indicated by characters like 朔 (New Moon), 上弦 (First Quarter), 望 (Full Moon), and 下弦 (Third Quarter).

潮位表基準面の零点: 平均海面下 91.0 (cm)
