

## User Registration Form for Dobson Software developed by the Japan Meteorological Agency

Please submit the following form duly completed to the Permanent Representative of Japan with WMO.

1. Country: .....
2. Name and World Ozone and Ultraviolet Radiation Data Centre (WOUDC) number of station(s)  
at which the software is used:  
.....  
.....  
.....
3. Purpose of the software use (ex., routine work, research study, training, etc.):  
.....
4. Contact Person:  
    Name: .....  
    Position: .....  
    Organization: .....  
    Postal address: .....  
    .....  
    E-mail address: .....  
    Telephone: .....  
    Telefax: .....
5. Type of media for the software provision:      ftp,    CD-ROM

I agree that we will use the Dobson software at the above station(s) subject to the following conditions.

- (1) The proprietary rights and copyright of the software provided in form of source and compiled version remain with the Japan Meteorological Agency (JMA).
- (2) The software is allowed to use only for non-profitable purposes.
- (3) The software should not be redistributed to a third party in any form without prior agreement from JMA.
- (4) JMA shall not be liable for any direct or indirect loss or damage arising with the software.
- (5) JMA will release subsequent revised versions of the software as far as possible, although JMA shall not be liable for any maintenance of the software.
- (6) In case that a user altered the software, the revised software should be returned to JMA. If it is beneficial for general use, it would be available to all users.
